REFLECTION QUESTIONS

- Have you ever, even for noble reasons, prayed in a way that was more about your will being done than the Father's?
- What are the low places in which you are serving right now?
- How do you sense the Holy Spirit moving in those settings?
- How have you lived like you have something to prove in the world, like you need validation to assure you that you matter and are needed?
- How might the Father want to speak into this way you are living and seeking affirmation?
- Can you name any areas of work or life in which you believe you have been performing in order to obtain love?
- What can you do to break out of the cycle?
